Overview

WealthAccess Investment Managers is an investment manager specialising in alternative investments. Established in 2022 by a team of experienced investment professionals and registered with the Securities and Exchange Commission of Zimbabwe (SECZ), WealthAccess is dedicated to identifying and capitalising on unique opportunities.

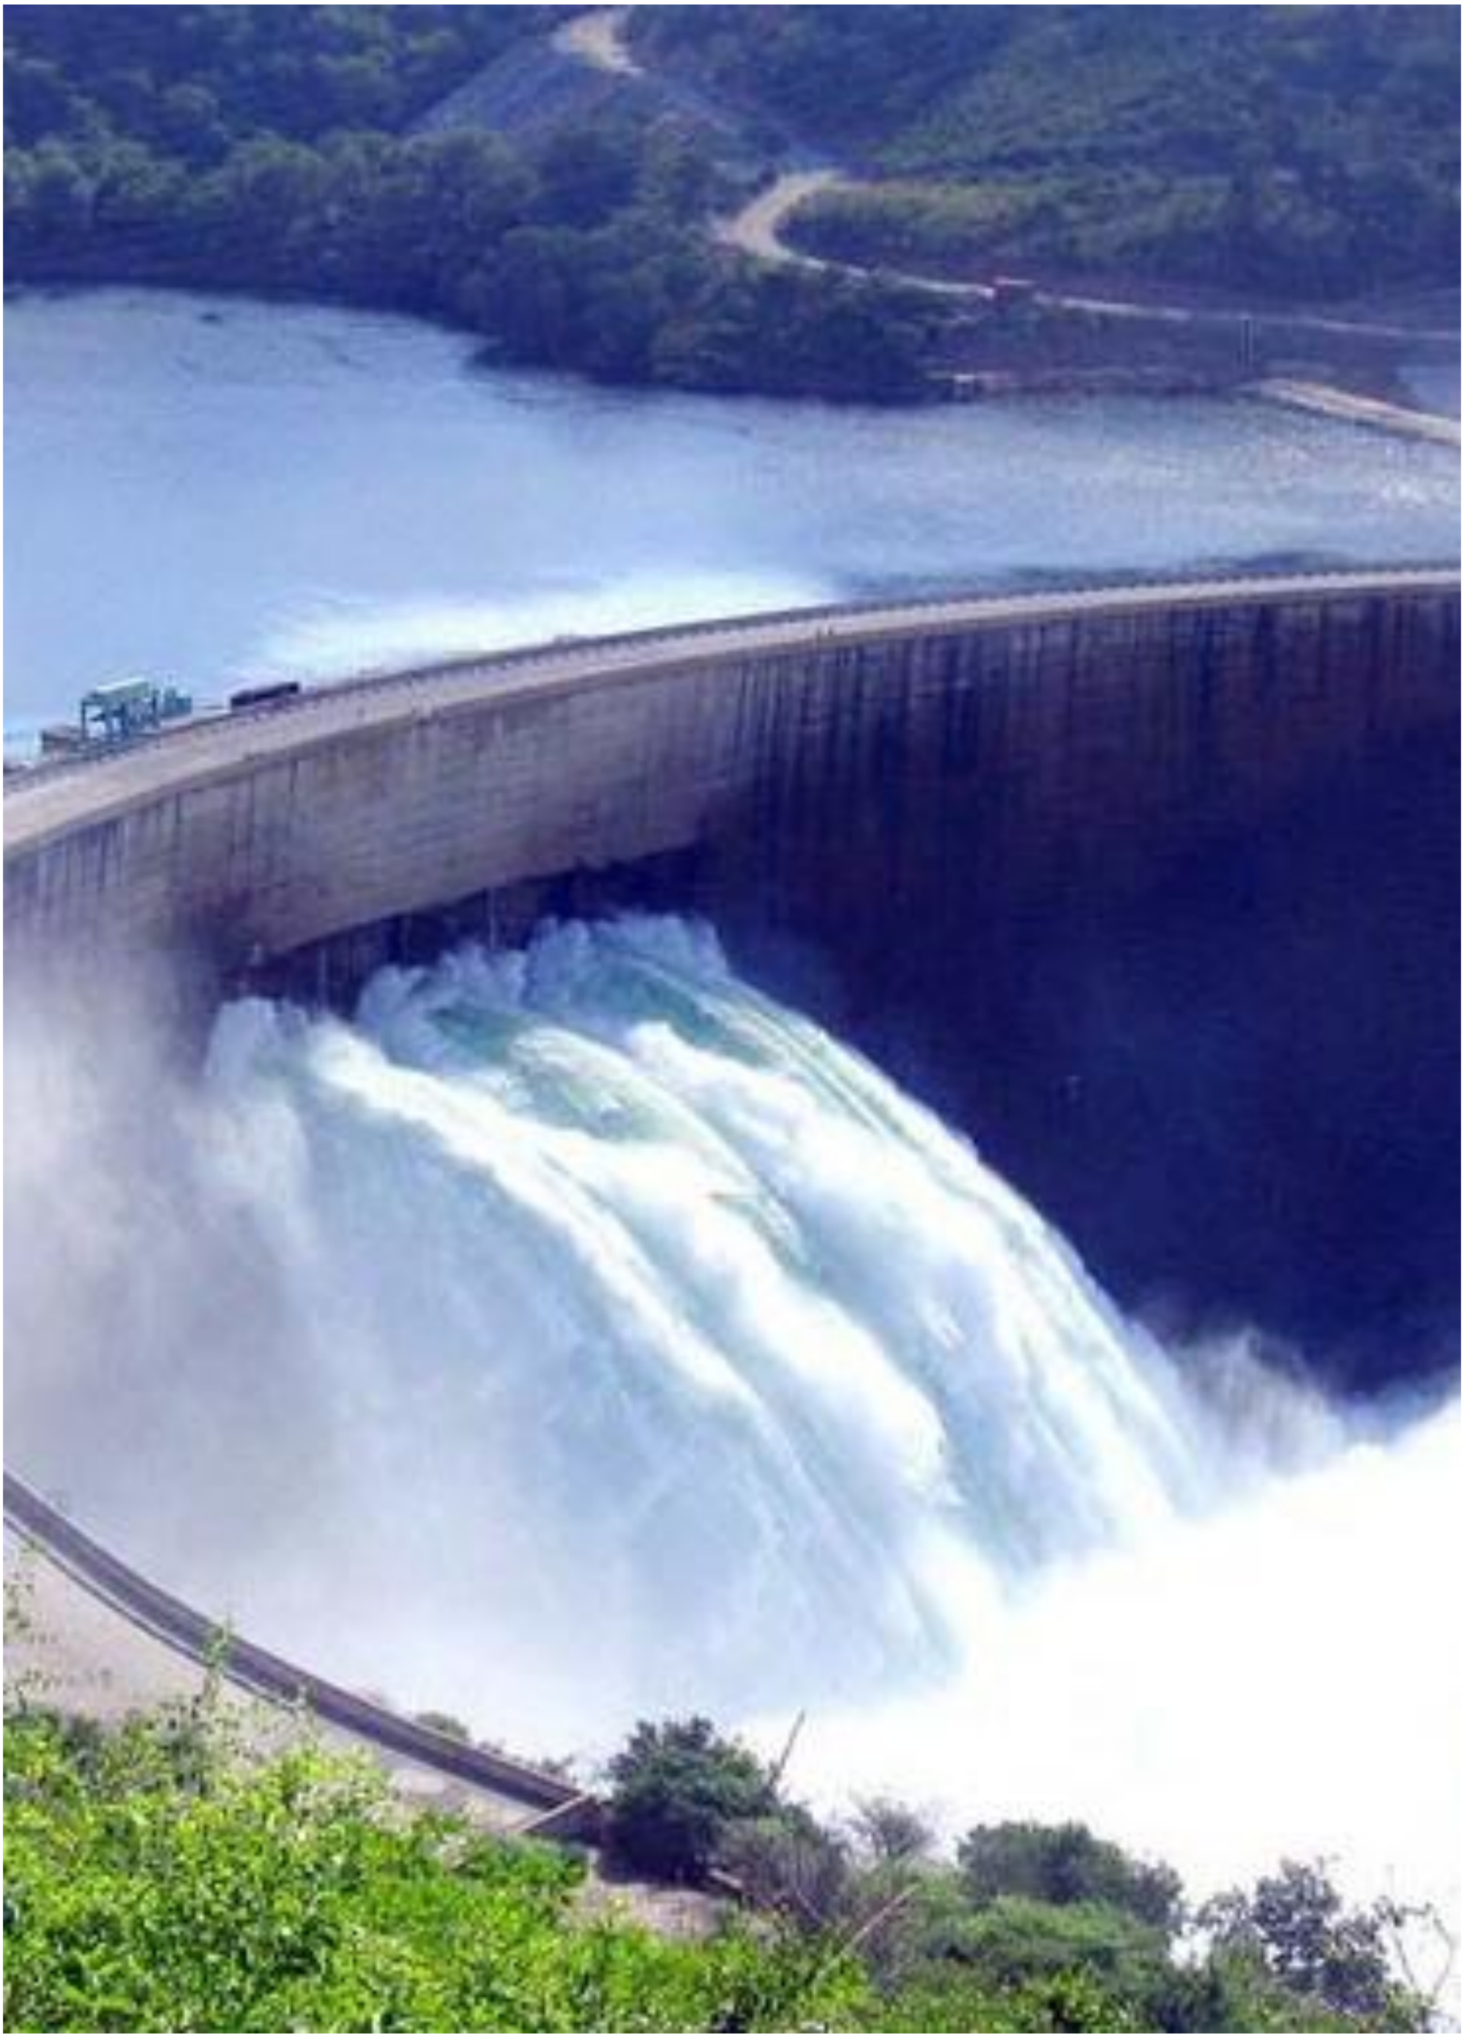
Our focus is centered on infrastructure investment, strategically targeting industries that support and enhance infrastructure development, including trade, construction, and manufacturing. With operations spanning across Africa and beyond. We leverage regional expertise to deliver superior outcomes for our clients while contributing to sustainable economic development across the continent.

Vision

Through strategic investments and partnerships, WealthAccess seeks to shape an African legacy of progress, prosperity and shared opportunities, ensuring that the benefits of trade, and infrastructure are felt in every corner of the continent.

Mission

WealthAccess’ mission is to be the leading home-grown investor in trade, industry and infrastructure across Africa from Africa.



Focus Areas

Infrastructure

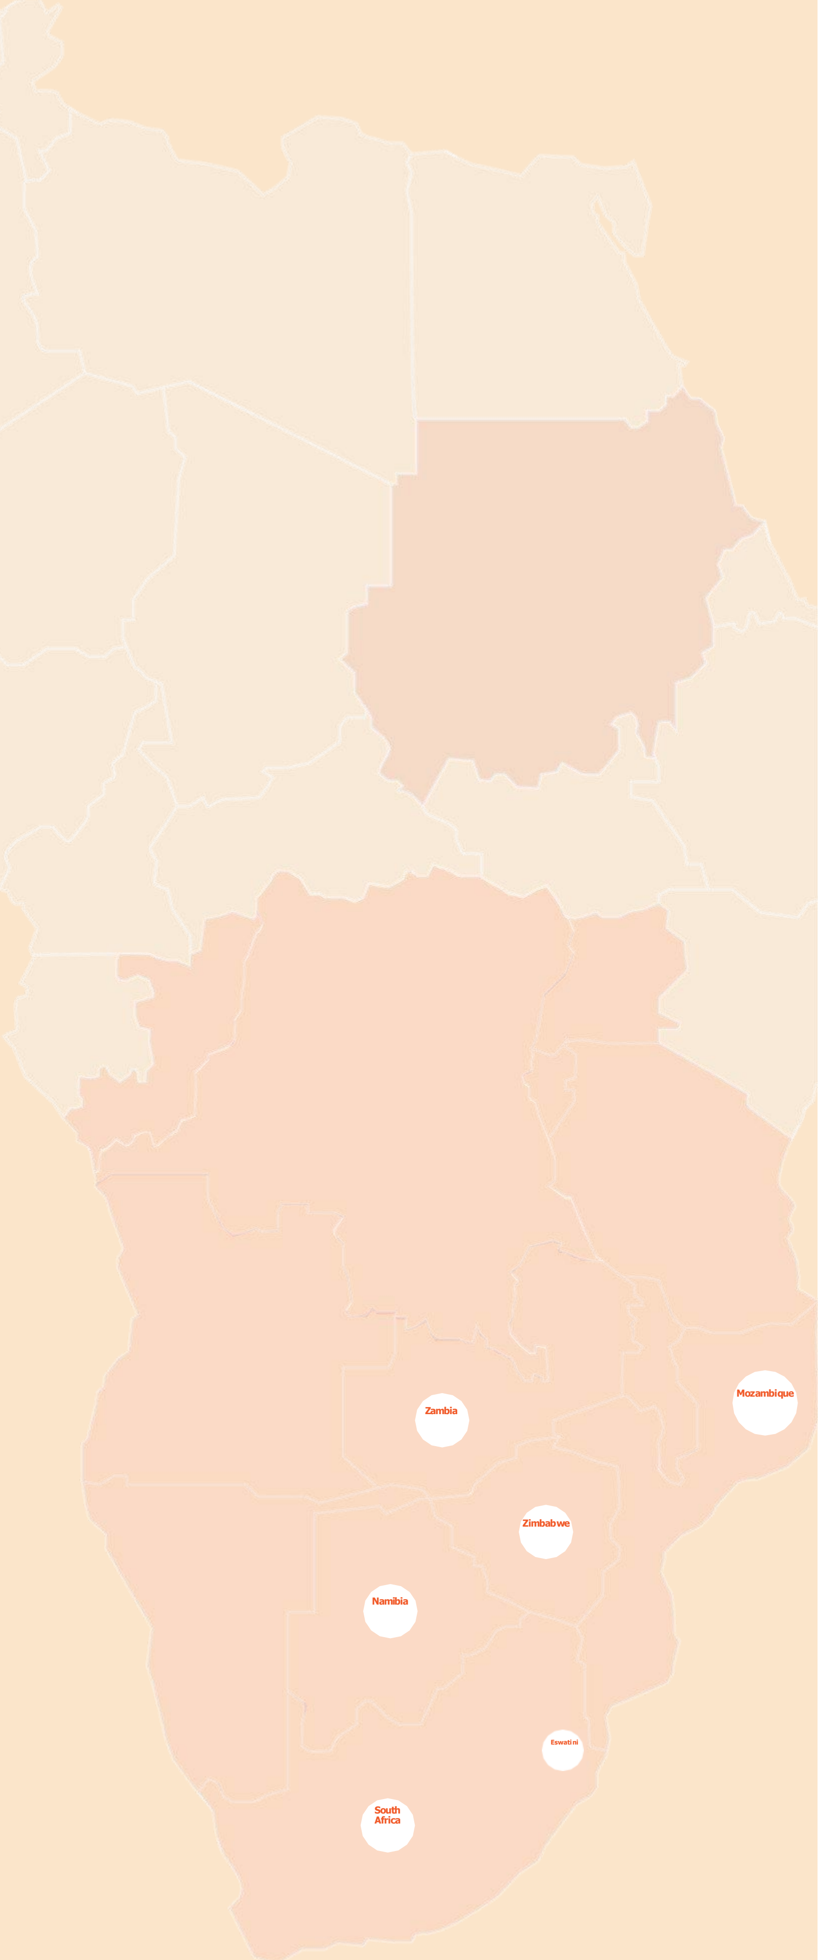
WealthAccess seeks to be the leading African investment manager. We have strong technical focus in both finance and engineering, and this gives us a technical advantage in our investment approach.

Trade

Trade and infrastructure go hand in hand. Trade is key for maximizing capacity utilization in productive infrastructure. Trade is also key in unlocking short-term cash flows that lead to sustainable long-term investments like infrastructure.

Primary Industry

Primary Industry is critical for goods and services that move through Africa’s trade and transportation corridors. WealthAccess works with strong companies that have direct access to resources and that look to participate further along the value chain in their industry focus.



Our Offerings

Strategic Portfolio Management

- For individuals, corporates, and institutions.
- Access to proprietary infrastructure and industrial opportunities.

Our leadership team brings deep engineering, policy, and development finance expertise has collectively mobilised and deployed billions into infrastructure across Africa.

- We Structure and arrange project finance.
- Take controlling and strategic equity positions.
- Partner with governments and institutional stakeholders.
- Participate across the full value chain - from development to execution.

Board Directorate & Management

Chairman

Dr. Kupukile Mlambo

is a distinguished economist and financial leader with over three decades of experience spanning central banking, multilateral development finance, and corporate governance across Africa.

He served as Deputy Governor of the Reserve Bank of Zimbabwe from July 2002 to 2012, where he oversaw Economic Research, Policy and Human Resources. In this capacity, Dr. Mlambo was a key member of the RBZ Board of Directors, the Monetary Policy Committee (MPC), and the Human Resources and Banking Sector Stability Committees.

Prior to and following his tenure at the Reserve Bank, Dr. Mlambo spent 15 years with the Africa Development Bank (AfDB), rising to Regional Director with oversight of 7 countries in East Africa. His extensive experience in development finance has given him a deep understanding of the infrastructure and investment landscape across the continent.

Dr. Mlambo currently serves on several prominent boards:

- Chairman of the Infrastructure Development Bank of Zimbabwe Board (IDBZ)
- Chairman of the Lupane State University Council
- Chairman of the Imara Asset Management Company

Dr. Mlambo holds a PhD in Economics from Gothenburg University in Sweden, a M.Sc. (Econ) and B.Sc. (Econ-Hons) from the University of Zimbabwe. His unique blend of academic rigour, policy expertise, and hands-on leadership in African financial institutions makes him an invaluable asset to WealthAccess.
